

Product information requirements on motors in accordance with Regulations (EC) 640/2009 and (EU) 4/2014 of the European commission Informations relatives aux moteurs dans le périmètre des règlements (CE) 640/2009 et (UE) 4/2014 de la commission européenne

Efficiciencies values according to IEC60034-2-1 Valeurs de rendements suivant CEI60034-2-1

Table with columns for P. kW, IE2, and IE3. IE2 has sub-columns for 2P, 4P, and 6P. IE3 has sub-columns for 2P, 4P, and 6P. Each sub-column has further columns for product's model number and efficiency percentages (100%, 75%, 50%).

Table with columns for P. kW, IE2, and IE3. IE2 has sub-columns for 2P, 4P, and 6P. IE3 has sub-columns for 2P, 4P, and 6P. Each sub-column has further columns for product's model number and efficiency percentages (100%, 75%, 50%).

Table with columns for P. kW, IE2, and IE3. IE2 has sub-columns for 2P, 4P. IE3 has a sub-column for 4P. Each sub-column has further columns for product's model number and efficiency percentages (100%, 75%, 50%).

Form containing technical information: Year of manufacture, Moteurs Leroy-Somer, RCS Angoulême 338 567 258, Rated input frequency: 50 Hz, Rated voltage: 400V, and a table of operating conditions like altitude, ambient air temperatures, and maximum operating temperature.
