

# ALTERNATOR SERVICES EXPERTS

Nidec Power along with its approved partner QAZ offer the best workshop and onsite services for your LEROY-SOMER<sup>™</sup> and KATO ENGINEERING<sup>™</sup> alternators up to 35,000 kVA.

Choosing our Services mean that work is carried out by engineers trained to the highest industry standards.

Only genuine spare parts are used, and all work is conformed to the quality standards set by Nidec Power to guarantee the performance and availability of your alternators.

- Data recording and reports

### Training

We can provide standard training from our catalog or personalized according to your needs, in our or your facilities.

## NIDEC POWER & QAZ AT YOUR SERVICE

QAZ International has partnered with NIDEC POWER to provide certified repair and maintenance for your alternators. The partnership means the high-quality Leroy-Somer™ certified alternator service is now available to customers in Saudi Arabia.

The provision of joint expertise means that your business will benefit from:

- Certified on-site & workshop services for Leroy-Somer™ and Kato Engineering™ alternators
- Certified on-site or on-line predictive maintenance
- Support & upgrade of voltage regulators and genset controllers
- Supply genuine spare parts
